

The Next Fifty T-shirt Design Contest

Arts, Culture and Design

In 2012, we celebrate the 50th anniversary of the 1962 Seattle World's Fair and envision what the next fifty years could be for our region. The celebration will highlight seven themes where our region offers innovative leadership - Arts, Culture & Design, Sustainability, Science & Technology, Global Health, Learning, Commerce & the Innovation Economy and Civic Action. We'd like your help to create designs for these key areas. As part of The Next Fifty Buzz monthly activity from August 21 - October 20, we'd like your ideas for the Arts, Culture & Design t-shirt. Get creative and share your ideas! Learn more about prizes and rules at www.thenextfifty.org.
