To request patient records from SKCC: seattlecenter.org/patient-records

Community Health Center Appointments

CHC appointments can be scheduled onsite at the during the patient's visit to SKCC.

Understanding Patient Fees at Community Health Centers

CHCs provide quality healthcare to anyone, whatever their circumstances.

If you are unable to pay you can still receive care, you will not be turned away.

CHCs can help you determine what health insurance and other programs you may qualify for and help you apply.

CHCs also offer "sliding scale" discounted fees. Discounts are based on your income and family size.

You will be asked to provide proof of your income. The CHC will work with you on a payment plan you can afford.
